

WOMEN APPEAR IN DROVES TO VOTE

All Seem Anxious to Cast Their Ballots For President.

TWO NEAR CENTURY MARK

Colored Women From Third Ward Oldest Voters in Gettysburg. Leaders Predict Large Turnout.

Seizing the opportunity to cast their first ballots for president the women of Gettysburg turned out in great numbers today and at noon were almost equalling the men in two of the three wards.

The expected confusion that was supposed to exist at all voting places failed to materialize as the women displayed little excitement on their first trip to the polls, requesting their ballots in the same confident manner as the veteran politicians of the opposite sex.

In fact the advent of suffrage here caused scarcely a ripple on the surface of the sea of politics although the polls were more crowded than usual and given a novel appearance by the presence of women political workers who were on hand to issue instructions about the marking of ballots.

The greatest change from the olden days was noticed in the Second Ward. Here in the old bar room of the Eagle Hotel, always a gathering place for some voters before the advent of prohibition, sat the judge of election in the very spot once occupied by a well known mixer of drinks while the voters themselves disappeared in the polling booths in the same part of the room where former too free imbibers once sank behind the surface of the mahogany bar.

Distinction for being the first women to vote goes to Mrs. Howard Hartzell in the First Ward, Mrs. Kate Nixon in the Second, and Miss Lily Dougherty in the Third.

Although none of the women voters gave their ages it is believed that the Third is entitled to the honor of producing the oldest woman voter. Kesiah Cuff and Mrs. Priscilla Bolding, both colored, whose ages are the subject of much dispute in the Third Ward but who are thought to be around the century mark, both went to the Third Ward polls in the court house to cast their initial ballot.

At 11:45 o'clock there were 262 votes cast in the Third Ward, 263 in the Second, and 310 in the First.

Regarding the result of the rain early in the morning both Horace E. Smiley, Democratic chairman, and Robert C. Miller, Republican leader, stated that in their opinion the wet weather would mean a larger turnout than ever. "When the men cannot hulk corn and go out hunting," said Mr. Smiley, "they will go to the polls instead."

FINDS STOLEN CAR

Constable Wilson Recovers Ford of Waybright Black.

The Ford automobile of Waybright Black, of Wrensville, which was stolen from West Middle street on Saturday night has been recovered by Charles H. Wilson, First Ward constable.

Articles valued at \$50 which were in the machine have not been found but Mr. Wilson expects to find the stolen merchandise as well as the thieves themselves in the very near future.

The car was abandoned near Gettysburg.

BREAM MOVED TO HOSPITAL

Broken Bones of Player Not Healing Satisfactorily.

Because the broken bones in his leg were not knitting satisfactorily, Henry Bream, son of Wilson Bream, of Broadway, was moved by automobile this morning to a hospital in York. Bream, leading ground gainer and punter of the Gettysburg College Varsity, sustained a broken leg in the Albright contest on October 23.

RED CROSS ROLL CALL PLANNED

Executive Committee Made Final Arrangements For Annual Event.

HOME SERVICE SUCCESS

Miss McMillan Tells of Work Done During Year. Need Many Members to Carry On.

Plans to make the fourth annual roll call of the American Red Cross in Adams county a banner event were discussed Monday afternoon at the meeting of the executive committee in the Red Cross room in the Court House. The report of Miss Margaret McMillan, secretary, was read. It showed the rapid strides the home service work had taken during the year. A condensation of the report will be mailed to every member of the Red Cross in the county within the next few days. A strong appeal is to be made to the citizens of the county to contribute so that this work, which is well under way, may be continued.

Those present at the meeting were H. T. Weaver, chairman; Mrs. Donald P. McPherson, Mrs. Wm. Arch McClean, Mrs. Clyde B. Stover, Miss Annie Horner, Miss Anna Reck, Mrs. Zinn and Miss Margaret McMillan.

The roll call this year extends from November 11, Armistice Day, to November 25, Thanksgiving Day. Red Cross Sunday will be celebrated in the churches of the county November 14. Letters to all ministers have been sent out by the secretary asking that special services be held on that day.

Posters and circulars have been received at the Gettysburg office for the roll call and they are now being packed for shipment to the various county branches. Solicitors, it was announced, would be appointed very shortly to canvass for new members. Last year the membership in the

REVIVAL SERVICES OPEN

Rev. Harry Daniels Starts Series of Sermons.

Revival services were opened Monday night in the Methodist Episcopal church when Rev. Harry Daniels preached on the subject, "The Valley of Dead Bones." At the end of the service two held up their hands for prayer.

These services are to continue each night, except Saturday, indefinitely.

Tonight Rev. Mr. Daniels will preach on the subject, "The Common Sense View of the Doctrine of Sanctification." The following is the program for the remainder of the week:

Wednesday night, "What is Conversion?"; Thursday night, "The New Birth," or "Nicodemus' Question"; Friday night, "Personal Responsibility." On Sunday night the pastor will discuss the subject, "Is There a Hell?"

CHAUTAUQUA SUCCESS

Large Audiences Attend Entertainments In Bendersville.

Entertainments presented by the Swarthmore Chautauqua in Fruit Growers' Hall, Bendersville, have attracted capacity audiences at both afternoon and evening performances.

A special musical service on Sunday; the Monday address of the Chautauqua superintendent; concert by the Mayflower Singers and Players; a lecture, "Fiddling While the Old World Burns" by A. Hunt Vautier; and concert by the Oxford Company, were numbers which recently met the approval of the large audiences.

FOR RED CROSS DRIVE

American Legion Post Members Pass Motion Unanimously.

During their initial November meeting on Monday night the members of the Albert Lentz Post of the American Legion voted unanimously to support to their utmost the great Red Cross membership drive which commences on Armistice Day.

LEGION PROGRAM IS ANNOUNCED

Speeches, Songs And Dance Will Entertain Visitors Armistice Day.

START BUILDING FUND

Vote to Place \$700 of Farmers' Day Fund in Banks. Turn Down Waynesboro Offer.

Singing, speeches and a dance will feature Armistice Day in Gettysburg when the Albert Lentz, Ira Lady and George Snyder posts of Adams county hold their memorial tablet unveiling services.

Definite action regarding the program of the day was taken at the initial November session of the Albert Lentz post in their rooms on Monday night.

Delegations from the New Oxford and Arendtsville posts will be asked to don uniforms and arrive at the local post rooms at 3:30 o'clock. Twenty minutes later the former soldiers, sailors and marines from the three organizations will march in a body to the court house for the unveiling services.

Music led by the Treble Clef Club of Gettysburg will be the opening number of the program followed by the presentation of the memorial tablet by a representative of the commissioners.

Percy Eichelberger, commander of the Albert Lentz post, will accept the tablet on behalf of his own organization and those from Arendtsville and New Oxford.

Rev. Harry S. Daniels, pastor of the Gettysburg Methodist Episcopal church who is recognized as one of the best speakers in Adams county, will then deliver the main address of the day.

HARDING LEADS IN EARLY RETURNS

Several Precincts Announce Results of Balloting. Rapid Counting System.

(By Associated Press)

Boston, Nov. 2.—The town of New Ashford, in Berkshire county, was the first in Massachusetts to report its vote for President today. The tabulation of the vote was completed at 7:30 a. m. and resulted the following: Harding and Coolidge, 28, Cox and Roosevelt 6.

Four years ago New Ashford gave Hughes Republican 16 votes, and President Wilson, Democrat, 7.

Wichita, Kansas, Nov. 2.—The first 256 ballots counted in 6 of the 29 precincts give Harding 188 and Cox 90. Allen, Republican, for governor, got 132, and Davis, Democrat, 108.

Boston, Nov. 2.—The town of Norwell in Plymouth county voted as follows for president and governor:

For president: Cox, 48; Harding 409.

For governor: Cox, Republican, 405; Walsh, Democrat 30.

The town of Mashpee on Cape Cod gave for president: Cox 4; Harding 43.

For governor: Cox 44; Walsh 12.

Four years ago Wilson received 21 and Hughes 12.

Topeka, Nov. 2.—Incomplete returns from four precincts out of 36 in Topeka at 11 o'clock gave Harding 109 and Cox 99. Under the double election system the count began at 10 a. m.

WHO WILL WIN IS PUZZLE

Voters Will See Returns at Republican And Democratic Headquarters. TIMES' Special Service.

"How's she 'gunna go?"

Before the sun sets tonight that question will have been asked hundreds of times within the boundary lines of Adams county for rabbit hunting, football games, and other pastimes of the day have temporarily passed out of the glare of the footlights to make way for the act of "Mr. Politics", the November headliner.

From Abbottstown to Graeffenburg and from Idaville to the southernmost corner of old Mount Joy the all absorbing topic is politics. Women as well as men are vitally interested in the subject for the first time in their lives and have given up thoughts of the best bargains of the day to ponder among themselves the questions:

Will Warren G. Harding live up to the predictions of his confident party and sweep the country or will Governor Cox cross the line a winner on his League of Nations stand?

Will Edward S. Brooks, present United States Congressman from the Twentieth Congressional district, be elected by the sweeping majority of 1300 given him two years ago or will he be forced to acknowledge the supremacy of Charles A. Hawkins.

Will James C. Cole, who twice served Adams county as an assemblyman, stage a successful "comeback" and be given this honor a third time or will Dr. Eugene Elgin, East Berlin physician, make good in his initial political race.

Will Ben C. Small, popular Democratic candidate from Franklin county be sent from this district to the State Senate or will he step aside for his opponent, D. Edward Long?

These are the questions which Adams county voters would give hundreds of dollars to answer now but

APPLE WEEK IS IN FULL SWING

Appeal to Consumers to Buy This Fruit in Quantity.

BIG CROP AND PRICES LOW

Some Apples Will Not Be Picked Because of Weak Market. Adams Mentioned as Leader.

You know that old adage about the apple a day, surely. Well, the State government, through its Department of Agriculture, and other agencies, is trying to impress that well-known and very forceful fact of the adage upon the consumers of Central Pennsylvania and the State in general.

Can you imagine anything more appetizing than a great big heap of rosy, fat apples, piled high in a basket and just asking you to come and get 'em? And what would you say if you were invited to step into an orchard, where apple trees stretched row and row for miles, and told that all the apples you could carry away were yours for the picking. Sounds like that California and Florida stuff printed in the railroad circulars, doesn't it?

But this information is not idle fancy or propaganda in favor of the fruitgrowers of any particular county. Anyone coming into this county, famed for years as the State's greatest apple-growing county, and known all over the country as the source of those remarkable, big Winesaps that grace many a table as a colorful centerpiece, you would be invited to help yourself. Some of the growers have posted signs—"Help yourself and save our trees from breaking under the weight of a record-breaking crop!"

Again the question of public re-education in the eating of apples

HEAVY VOTE OUT IN WHOLE NATION

Clouds And Rain Fail to Deter Voters in National Election.

(By Associated Press)

Baltimore, Nov. 2.—The balloting proceeded rapidly throughout morning in Baltimore, all signs pointing to the polling of a heavy percentage of the registered electorate. Women voters formed almost two-fifths of total registration and this vote was turning out in large numbers. Reports from the state at large indicated a heavy vote in the counties. As a tribute to his memory, daughters of General James A. Gary, postmaster general during McKinley's administration, who died last Sunday, went to the polls a few hours before the funeral and cast their vote. General Gary was an active Republican leader in this state for many years.

Columbus, Ohio, Nov. 2.—Notwithstanding the steady downpour of rain in the first hour for voting today reports from all over the state were that the voting was exceptionally heavy and that in most cities two-thirds of the total votes would be in the ballot boxes before noon. By nine o'clock the rain had ceased and though the skies generally remained overcast, there was a burst of sunshine at intervals. Women voters surprised the election officials by their early appearance at the polls, in some instances outnumbering the men during the first hours.

New York, Nov. 2.—Weather running the entire prognosticator's gamut from "fair and warm" in the old south to "rain or snow" in the Great Lakes region, "clear skies" in the west and the weather man's hesitating "unsettled conditions" in the east greeted the nation's voters today as they lined up to choose their president.

Before noon scattered reports from the four corners of the country indicated that men and women alike were defying the elements and were taking early advantage of nature's smiles to discharge their ancient prerogative in case of men and their new privilege in that of the newly enfranchised women.

BIG FIRE LOSS IN CHAMBERSBURG

Estimate Property Damage Will Approximate Quarter of a Million.

FIRE BUGS ARE SUSPECTED

Fire Companies From Waynesboro And Hagerstown Summoned to Aid in Fighting Blaze.

Fire believed to have been of incendiary origin broke out at 12:30 o'clock Monday afternoon in the business district of Chambersburg and before it had been extinguished destroyed property valued at nearly a quarter of a million dollars.

Chambersburg fire companies were unable to cope with the situation and calls sent to Hagerstown and Waynesboro brought fire fighters from those towns.

Second Fire of Day

The fire broke out in the mattress-manufacturing establishment of P. Nicklas' Sons, and is believed to have been of incendiary origin. A fire had been discovered in the same building Monday morning about 10 o'clock and oil was noticed scattered about. The fire at this time was extinguished with but slight damage.

The P. Nicklas' Sons building is a four-story structure. After the fire broke out at 12:30 o'clock Monday afternoon the building was quickly enveloped in flames, and firemen concentrated their efforts on saving adjoining buildings, but without avail.

The fire spread within a short time to the adjoining building, a three-story structure. The first floor is occupied by Clay Henninger, haberdasher, and the second and third stories had been fitted up as apartments.

Other buildings burned include an adjoining garage of Dr. J. P. Macclay and four or five smaller structures.

The blaze had its origin in the wall paper department of the Nicklas store about half block from Memorial Square. It was discovered by employees of the store, but within a short time had spread through that section of the building and burned through to an adjoining property owned by the Peter Brunner estate. The store of "Pop" Henninger, which was on the ground floor of this structure was gutted and the contents badly damaged by the

FIRST HUNTING ACCIDENT

Ira Stoops Injured, Man Who Fired Shot Ran.

Ira Stoops, a Fairfield barber, was the first hunting accident victim on the first day of the rabbit season when he was shot by an unknown hunter at McGinley's Hill, near Fairfield, Monday morning about 11 o'clock. Mr. Stoops was peppered with shot from his head to his feet. His injuries, however, are not considered serious.

Mr. Stoops was one of the many hunters in the Fairfield region Monday. There were several other gunners in the field at McGinley's Hill when a rabbit jumped out near Mr. Stoops. Although he called to the other gunners not to shoot, one of the men fired, and Mr. Stoops fell. The man who fired the shot and those with him ran. They were later found and brought back to the scene of the accident, but refused to say which one had fired. Each refused to give his name. It is said the party was from Waynesboro.

HERMIT BURIED

Neighbors Greet Cox And Harding As They Appear at Polls.

HARDING 13TH IN LINE

Mrs. Harding And Mrs. Cox Accompany Husbands. Harding Chats With Friends After Voting.

(By Associated Press)

Marion, Ohio, Nov. 2.—Senator and Mrs. Harding arrived at the precinct voting place, a red brick garage, shortly after 10 o'clock this morning. They were cheered when they entered the building and several of those waiting ahead of them offered to give up their place. The Senator refused, however, and took his place thirteenth in the line with Mrs. Harding just ahead of him.

After he had voted Senator Harding remained near the voting place for a half hour chatting with his neighbors who crowded around and expressed the hope that he would be victorious in today's balloting. Many of them also extended birthday greetings to Mr. Harding for he was born fifty five years ago today. Congratulatory birthday messages and advance felicitations on the election also began to come into Harding headquarters by wire early today.

Cox Early Voter

Dayton, Ohio, Nov. 2.—Governor Cox, Democratic candidate, was an early voter today, but on arriving at the polls found more than two hundred of his neighbors had cast their ballot ahead of him. Accompanied by Mrs. Cox, the Governor reached the polling place, a combination barber shop, confectionary and tobacco store and print shop at 10 o'clock, but the line of waiting voters delayed the deposit of their ballots until 10:17 a. m.

The vote cast by Mrs. Cox was not her first, she having lived in Illinois and voted in the state election a few years ago.

Neighborly greetings and good wishes from his many friends greeted the candidate as he arrived at the polls, coming from the train which had brought him home from Toledo where he closed his campaign last night.

ROOSEVELT VOTES

(By Associated Press)

Poughkeepsie, N. Y., Nov. 2.—Franklin D. Roosevelt, Democratic candidate for vice president, voted at 10:45 in the third district in the town of Hyde Park, in the town hall.

Mrs. F. D. Roosevelt and Mrs. Jane Roosevelt, the candidate's mother, accompanied him to the polls and cast their ballots following his.

HARDING IN FIRST BALLOT

High School Students Give Republicans Comfortable Majorities.

Warren G. Harding, Republican presidential candidate, was a winner in the first election returns of the day in Gettysburg. Harding carried the Gettysburg High School by a majority of sixty five votes. He and Coolidge received 141 votes, Cox and Roosevelt, 76. Watkins and Calvin I. Debs and Stedman 1.

The total number of votes cast was 128. Of this number 126 were straight tickets. Of these Harding and Coolidge received 81 and Cox and Roosevelt 45.

Republican candidates for the other offices on the official ballot were also returned with corresponding majorities indicating many straight tickets were cast. The following is the official high school vote:

ESPERANTO WINS FISHERMAN RACE

Yankee Schooner Gains Cup From Canadian Smack, Delawana.

OVERCOME BIG LEAD

Many Thrills in Last Race. Captain Welsh Outwits Opponent. Thousands of Spectators.

Halifax, N. S., Nov. 2.—The Gloucester schooner Esperanto came from behind in a heart-gripping race Monday, and won from the Lunenburg schooner Delawana by seven minutes and 15 seconds, official time, thereby clinching the cup and \$4000 in prize money. The win gave two straight victories to the United States in the international series between the Nova Scotia fishermen and their Massachusetts rivals, and thereby determined the event for this year.

Keen judgment and matchless sailing ability of Captain "Marty" Welch, of the Gloucester boat, was said on all hands Monday night to be responsible for winning Monday's victory, when he brought the Esperanto from behind after 22 miles of the 40-mile course had been sailed and on the final leg, which was a dead beat to windward, continually increased his lead. The superior ability of the Esperanto to work to windward was admitted to be a factor in the result.

Captain Welch, however, said Monday night that it was the wind that did it.

"In the light wind," he said, "the Delawana had us, but in the heavier wind as we approached the harbor we loomed ahead. But she is a game vessel, a very fine vessel, and a splendid crew."

He made his statement as his crew was giving three cheers for the crew of the Delawana.

"That's just what you ought to do," he said to his men. "They are a fine bunch and deserve it."

Captain Tommy Himmelman, of the defeated schooner, when asked for the reason that he had lost the race, said: "Oh, I overhauled the mark when I overhauled about a mile farther than I ought to have in passing Shut-In Island bell buoy."

Delawana Overshoots Mark

It was in making the buoy at the third turn that the Delawana overshoot the mark, thereby enabling the Gloucester craft to cut the Lunenburg boat's lead in half. Members of the crew of the Delawana, however, declined to take their captain's explanation, saying that he only took precautions not to run the Esperanto too close to the shoals of Devil's Island in making the turn, for otherwise she would have been in danger of going ashore.

The race was watched by thousands, who were kept in a high pitch of excitement by the alternating fortunes as first one boat and then the other nosed ahead, with the result continually in doubt until the home stretch was reached.

The 40-mile course was the same as on Saturday—a close-hauled reach from Point Pleasant Breakwater to the Inner automatic buoy, six and a half miles, a broader reach to the outer automatic buoy, six miles, a 10-mile run to the bell buoy off Shut-In Island, an 11-mile beat back to the inner automatic buoy and the fifth leg, the same as the first, back to the Breakwater.

YOUNG HUNTER SHOT

Boy Mangles Forearm in Accident Near East Berlin.

Walter Baublitz, 16-year-old son of James Baublitz, York, is in the York Hospital suffering from a badly shattered forearm as the result of a gun-shot wound received Monday afternoon while hunting in the vicinity of Ort's Mill, not far from East Berlin.

The young man, in company with his cousin, Harvey Ruppert, stopped on the porch of the mill to rest, and placed his gun in an upright position. As he turned to walk away the gun slipped and fell, striking a rock. The cartridge exploded, the charge striking Baublitz's left arm. A stray shot penetrated Ruppert's chin. Dr. Edgar A. Miller, of East Berlin, was summoned. After an examination, the lad was ordered removed to the York Hospital.

MAY RUN FOR SENATE

DALLAS, Texas.—Thomas B. Love, who has been a stormy figure in Texas politics for 20 years, will be a candidate for the United States Senate from Texas, to succeed Senator Charles A. Culbertson, who will retire in 1922, it is understood. Love's most spectacular victory came this year when he organized the campaign against Joseph W. Bailey for governor. He is Democratic national committee man from Texas and was the principal supporter of W. G. McAadoo at San Francisco. He is now working in Cox headquarters in New York.

WEDS FIANCEE OF HIS FRIEND

Elopes With Girl While Intended Talks to Girl's Father.

New York, November 2.—"Take care of her for a while," Basile Leon told his friend, John De Ligiers, putting him in charge of his fiancée, Rose Vrakipidou, while he went off to "square things" with her father. After a hectic 24 hours, during which he was arrested on the charge of abduction, he returned to find that his friend had taken care of her so satisfactorily that he had married her while Leon was in jail.

The story came out in Yorkville Court Monday when Leon was arraigned on the abduction charge and subsequently released. Testimony was given that the girl had had trouble with her father and Leon offered her the hospitality of his sister's home until he could "smooth things over" for her.

Just as he was leaving the house, De Ligiers, who was an admirer of the girl at the cigarette factory, where all three are employed, called, and Leon asked him to watch out for her while he was away. Efforts to "smooth things over" were unavailing, and when Rose's father learned that Leon was the party responsible he had him arrested.

Meanwhile De Ligiers was breaking all speed records for courtship and Leon was hardly in jail before he had taken the girl before an alderman and married her. Magistrate Cobb dismissed the case as soon as he heard the story.

SERIOUS AUTO WRECK

Bursting Tire Causes Car to Turn Turtle.

The bursting of a tire was the cause of a serious automobile accident Sunday just before noon on the Lincoln Highway, one mile south of Abbotstown, when the machine of Calvin Baker, of Hanover, turned turtle four or five times. The car was traveling at a high rate of speed. Both Mr. Baker and Maurice Snyder, who were in the machine, were seriously injured.

According to the statement of a farmer who saw the accident the car turned completely over five times. When it finally came to a stop, Baker and Snyder were found under the wreckage. Eleven stitches were required to close the gashes in Mr. Baker's face and head. Thirteen stitches were necessary to sew up a cut in Mr. Snyder's leg. He may be suffering from internal injuries. Dr. Hollinger, Abbotstown, dressed their injuries. The car is a total wreck.

VOTE HEAVY IN STATE

Women Outnumber Men in Many of The Precincts.

(By Associated Press) Philadelphia, Nov. 2.—Heavy voting was reported from all parts of Pennsylvania today, the women in many precincts outnumbering the men. This was partly due to the fact that advice was sent out urging the women to vote during the day so as not to crowd the polling places when the men return from work and go to the polling places to vote at the closing hour. Rain was falling in the interior of the state.

NAVAL MEN SOON TO BE DECORATED

Awards Were Held Up By Sims' Long Controversy.

MEDALS ARE FORWARDED

Will Be Issued November 11 or 13. To Be Presented With Appropriate Ceremonies Where Practicable.

Washington, D. C., Nov. 1.—The long delay in awarding medals for distinguished wartime service in the Navy and Marine Corps is about to be ended, it was learned Monday at the Navy Department. The decorations, which were held up while a naval board reconsidered the awards after a controversy among naval officers and a subsequent Congressional investigation last winter, have been mailed to commanding officers of ships and stations for distribution either on Armistice Day, November 11, or Armistice Sunday, November 14.

The medals were forwarded in sealed packages with instructions that they were not to be opened until receipt of a general release message from the department, and were then to be presented with appropriate ceremonies wherever practicable.

The revised list of those to receive the awards was not made public and it was said that it would not be released until the medals were actually presented. It was understood, however, that since the original list was sent back to the board headed by Rear Admiral Austin M. Knight for review and revision, a number of names had been added. The original list included 13 persons to receive the Medal of Honor, while the revised list, it was said, provided for 19 to receive the highest military honor. The revised list, as finally approved, includes the names of more than 400 officers and men who will receive the Distinguished Service Medal and about 1500 to receive the Navy Cross.

The controversy over naval decorations was precipitated last winter by the publication of a letter from Rear Admiral W. O. Sims to Secretary Daniels, declining to accept the Distinguished Service Medal, for which he had been recommended, because of alleged injustices in the manner of awarding the honors. After the Senate investigation Mr. Daniels sent the list back to the Knight Board for review and the board's final report was made to the Secretary several weeks ago. It was not disclosed at the department whether the names of Rear Admiral Sims and other officers who declined to accept medals last winter were on the final list.

MRS. CHRISTIANA SOHL

Native of Germany Dies at Age of 90.

Following a brief illness of pneumonia, Mrs. Christiana Sohl, widow of John Sohl, died Saturday evening at 7:30 o'clock at the home of her son-in-law and daughter, Mr. and Mrs. Francis Olinger, Hanover. She was aged 90 years, 2 months and 8 days. Mrs. Sohl was born in Salzburg, Germany. She came to Hanover from that country in 1855. Since then she has been a resident of this section. For the past six months she has lived with her daughter, Mrs. Olinger.

She is survived by two daughters and two sons, Mrs. John Steich, near Littlestown; John Steich, Exton, Pa.; Mrs. Francis Olinger, and William Sohl, both of Hanover. She is also survived by a half-sister, Mrs. Frank Culp, Arendtsville, and a brother, Henry Uhrstadt, Germany; 12 grand children and 18 great grand children.

Funeral Tuesday afternoon. A brief service at the Olinger home at 1:30 o'clock and further services conducted in Hostetter's meeting house, Union township, the Rev. Dr. F. S. Lindaman, pastor of Christ church officiating. Burial made in the cemetery adjoining the church.

FATAL ELECTION RIOTS

Eight Killed in Clashes in Cuba, Where Result Is in Doubt.

Havana, Nov. 2.—Eight persons have been killed in local clashes in the provinces during the elections Monday, according to reports received here.

The followers of Gomez started a demonstration in Havana after the Electoral Board had temporarily closed its office, without any official returns having been received.

Few official returns had reached the Electoral Board at 9:30 last night. Liberal headquarters, however, claimed that Jose Miguel Gomez, the Liberal nominee, had carried Havana Province by approximately 10,000 and was leading Alfredo Zayas, coalition, in two of the other five provinces.

First scattering returns from six small precincts gave Zayas, 556; Gomez, 456.

SAYS BERGDOLL IS IN GERMANY

Passenger on Rotterdam States Draft Dodger Has Been Arrested.

New York, November 2.—The statement that he had caused the arrest near Coblenz, Germany, of Grover C. Bergdoll, wealthy Philadelphia escaped draft evader, was made here Monday by a passenger on the steamship Rotterdam, who gave his name as J. W. Hartman and his address as 1252 Dover street, Philadelphia.

Hartman told custom officers that he once had been employed near the Bergdoll home and when, several weeks ago, while he was in the Coblenz area, his attention was called to a young man who had just bought a motorcar, he recognized him as Bergdoll.

Declaring that the American Army authorities at Coblenz could confirm his statements, Hartman added: "Of course they wouldn't tell you anything about it yet."

Washington, November 2.—The War Department had received no advice last night from the military authorities at Coblenz indicating that any trace of Grover C. Bergdoll had been found there, according to Major General Harris, adjutant general. All such reports pass through his hands, General Harris said, adding a comment on the many rumors that reached his office that Bergdoll had been located. Coblenz, he said, was one of the few places not previously mentioned in the reports.

RED CROSS ROLL CALL PLANNED

(Continued from First Page.)

county Red Cross dropped to its lowest point in three years, only 1600 having paid the membership fee of \$1. If the work that has been carried on this year is to be continued, Red Cross workers point out many more workers will be needed.

While it is generally known the Red Cross is doing a great amount of home service work in the county, few are aware of the many families that have been helped. Only a short time ago a county child who had been crippled by infantile paralysis was sent by the Red Cross to a hospital for an operation. The child is now recovering and will be able to walk, physicians say.

It was also brought out at the meeting that the work being done here is a model in home service. Mrs. C. G. Westensboro, in charge of the work in Waynesboro, has been recommended by the State Red Cross workers to come to Gettysburg for instruction and illustration of how a home service branch should be operated.

SEEK RADIUM IN SEWERS

Woman Discards Bandage Holding Milligram Worth \$13,000.

Utica, N. Y., Nov. 2.—In an effort to locate a milligram of radium, valued at \$13,000, carelessly dropped by a woman patient in the Faxon Hospital Monday workmen began to dig up sewers in the vicinity of the hospital.

The mineral was the property of Dr. George M. Fischer, of this city, and was being used on the woman's breast in the hope of curing cancer. Because it irritated her, the woman, who did not appreciate the value of the radium, went to a bathroom, took the bandage off and threw it away.

TO USE BARRELS INSTEAD OF BOXES

Women Voters Is The Cause. Some Polls Will Close Early.

New York, Nov. 2.—The use of barrels for ballot boxes was one of the expedients adopted at some of the polling places in New Jersey today as a result of the greatly increased vote due to suffrage. It was indicated that owing to the large number of women registrants throughout the United States the same congestion prevailed elsewhere. In Boston the polls were kept open until 5 P. M., instead of at 4 o'clock. In Georgia except in the county seats the polls were to close at 3 P. M., and in the county seats at 6 o'clock.

Voting is going on today in more than 100,000 election precincts in the 48 states, in three of which, North Carolina, Virginia and West Virginia polls close at sunset.

The hours at which the polls will close in the various states is as follows:

Alabama, 6 P. M.; cities, (5 P. M. towns and country); Arizona, 6 P. M.; Arkansas 6:30 P. M.; California 7 P. M.; Colorado 7 P. M.; Connecticut 6 P. M. (certain towns 8 P. M. by special legislation); Delaware 6 P. M.; Florida 5:40 P. M.; Georgia 6 P. M.; (County seats) 3 P. M. elsewhere; Idaho 7 P. M.; Illinois 5 P. M.; Indiana 6 P. M.; Iowa 8 P. M.; Kansas 7 P. New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth."

"Yet now, at an age over 60, I have a luxuriant growth of soft, strong, lustrous hair. No trace of baldness. The pictures show here are from my photographs." Mr. Brittain certified further:

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asserted would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as profuse as in my youthful days."

"That I was astonished and happy in expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called KOTALKO, and later had the recipe put in practical form by a chemist."

"That my own hair growth was permanent has been amply proved."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, electric shocks or other hair or scalp disorders. Miss A. D. Otis reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across KOTALKO. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had spots completely bald, over which my hair is now growing since I used KOTALKO." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using KOTALKO, my hair is growing all over the place that was bald." Many more splendid reports from satisfied users.

KOTALKO contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo, but a hair elixir of wonderful efficacy. Buy a box of KOTALKO at the drug store. Remember the name, accept nothing else as "just as good." \$3.00.00 GUARANTEE. Or if you send 10 cents (silver or stamps) for new Book on Beautiful Healthy Hair, you will receive a PROOF BOX of KOTALKO FREE postpaid. Determine NOW to eliminate DANDRUFF, to treat BALDNESS, to STOP HAIR FROM FALLING. Get a box of KOTALKO, apply once or twice daily; watch in your mirror.

INTEREST TURNS TO BIG ELECTION

(Continued from First Page.)

time alone can tell the outcome. Time, however, will not drag Tuesday night at the two party headquarters where every effort has been made to furnish the voters with immediate and accurate information.

Will Get Returns

The Adams County Republican Club has leased the Lincoln Way theater for the night and will procure the returns there by reports flashed on the screen while the Democrats have installed a ticker in their Chambersburg street rooms for the convenience of their followers.

After the members of the Republican and Democratic parties have retired for a few hours of sleep the duty of informing the people of Adams county with the progress of the election falls upon THE TIMES.

Because of the big vote that will be cast, it is believed the complete returns will be slow coming in. If the vote for the presidential candidates is close, it is possible the final outcome may not be known until late Wednesday. Throughout Wednesday THE TIMES will be in constant touch with the Associated Press, the greatest election day news gatherers in the country, and will bulletin the important dispatches.

LEGION PROGRAM IS ANNOUNCED

(Continued from First Page.)

will bring the program to a close according to the plans of Percy Eichelberger, Earl Stallsmith, Donald F. Ikeler, and Ivan Nagle, composing the program committee.

John E. Crim, chairman of the dance committee, has been given charge of holding an affair in Xavier Hall to entertain the out of town Legion men during the evening. Between the unveiling services and the dance an informal smoker will take place in the Stallsmith building rooms.

Discussion of the Armistice Day ceremony occupied the greater portion of the initial November meeting, nevertheless, the Legion men did not fail to place in a permanent building fund \$700 of the \$755 donated them by Adams county people on Farmers' Day. Two hundred dollars was placed in each of the three banks, First National, Gettysburg National and Lincoln Trust and \$100 in the Citizens Trust which also handles the Legion checking account.

It was decided not to accept the offer of the Waynesboro post to bring their show "Let's Go" to Gettysburg owing to the recent activities of the post and to the fact that they have already billed a winter entertainment program.

Earl Stallsmith, post adjutant, was given full authority to enlarge and frame a picture of Albert Lentz with ten dollars presented to the post by Mrs. Bertha Lentz Butt, West Middle street, a sister of the dead soldier.

Ever Get Bilious? Try This

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

NR Tonight—Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming on, instead of prodding your liver with dangerous cathartics and lashing your bowels with strong, irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, growling, or doubling stomach. Nature's Remedy (NR) Tablets work promptly and thoroughly, but the action is gentle, mild and soothing.

Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system,—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull "copper" want-to-crawl-down-a-drain feeling disappears, constipation is relieved.

If you've not already done so, get a box of Nature's Remedy (NR) Tablets and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take the medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it.

Nature's Remedy (NR) Tablets is sold, guaranteed and recommended by your druggist.

THE COMMANDER-IN-CHIEF

APPLE WEEK IS IN FULL SWING

(Continued from First Page.)

must be effected. How about a series of pictures in the windows of grocery stores—apples in quantity, piled high with all their picturesque colorings; apples converted into the old-time delicacy, which is a necessity at every Thanksgiving dinner, applesauce; apples converted into that essential of every good lunch, apple pie; apples in the baked form; apples in dumpling form; apples in every conceivable preparation. Would the public appreciate and buy? Would the sight of a nice, succulent "hunk" of the old-time apple pie, flanked by the omnipresent cheese, make the mouth water, and cause those who saw the picture to rush home and order a few bushels immediately. Judge for yourselves!

Secretary of Agriculture Fred Rasmussen, himself a devotee of the apple in its original and unchangeable state, has said that no state in the entire country can produce any better apples

than Pennsylvania.

In former times Oregon and Washington used to carry away the blue ribbons with the beautiful products of their apple orchards. But with the discovery that in addition to Adams and other counties, Perry county came to the fore with an entirely unsuspected and remarkable production of apples, Pennsylvania refused to consider any more western products. Now, in Perry county, some of the best apples in the country are produced and marketed throughout the eastern states.

With this knowledge, and with the cider-making season in full blast, to

say nothing of old-time apple butter, shall we pass up "Apple Week," of November 1, as a useless observance?

PUNTS OF FUHRMAN CAUSE FOR HOPE

Coaches Counting Heavily Upon Big Tackle. Some Interesting Scores.

By C. William Duncan

Although Coaches Bill Wood and Doyle Leathers have had enough hard luck this year to drive ordinary men to the county insane asylum yet they are grasping at bits of silver lining peeping through the clouds of gloom. One of these—deeper and most brilliant lines of silver looms up in the huge form of "Fats" Fuhrman, left tackle.

When Hen Bream fell to the sod with a broken ankle it seemed as if Gettysburg's punting department was doomed to mediocrity. But Fuhrman came to the rescue on Saturday and indicated by long spirals for forty five and even fifty five yards that he can be counted upon to uphold his end against Villa Nova, Bucknell, Mount St. Mary's and Franklin and Marshall.

Incidentally Fuhrman figured in a peculiar play in the last quarter of the Dickinson contest. A forward pass across the goal line struck a Gettysburg player and bounced into the outstretched arms of "Fats." Gettysburg fans yelled with disappointment when the touchdown failed to count but were unacquainted with the rule which forbids any man excepting those on the end of the line and the halfbacks to catch a forward pass unless it touches a visiting player.

Personal of the scores in the Philadelphia papers of Sunday reveal many

of interest to Gettysburgians.
"Three thousand spectators saw Villa Nova and Muhlenburg battle to a scoreless tie," says a dispatch from Norristown indicating that Gettysburg will not have an easy time at York on Saturday. Villa Nova failed to go well during the early part of the season but holding Muhlenburg to a scoreless tie was no mean feat.

Shorty runs into Teebo!

Dear PETEY:

Checked up our old dormitory pal "Snapper" Teebo this morning waiting on an appointment down Peachtree St. "Snap" wanted to know a bookfull about my visit to the Camel factories. "Tell us old apple seed," says "Snapper", "you're on the inside!" "Snap" still has that mighty annoying way of saying, "But that doesn't surprise me."

Anyhow—when I explained about the millions of Camels R. J. Reynolds Tobacco Co. made daily what does the old bird sputter but: "Why, Shorty, they'd have to make that many to supply the demand! Camels have the quality smokers want! And, they have the most wonderful mellow mild body and the most refreshing flavor ever created in a cigarette! Of course they make Camels by millions; of course they buy enough revenue stamps from Uncle Sam every day to build a duplicate of the Winston-Salem post office! Why not? Smokers everywhere will have Camels!"

But, "Snap" finally got to spilling some real nobby Camel selling stuff! "Shorty," says he, "I want to put it on record that in all the times I've pulled Camels out of my pocket to supply somebody's shortage I've heard enough good things said about 'em to fill a volume! That's my brand! 'Camels are a wonderful cigarette'. 'Like getting money from home,' etc."

"And, Shorty, what's the answer? Why—Camels blend of choice Turkish and choice Domestic tobaccos meets the universal taste! And that's the 'hole' story, old golf ball!"

Pete, you pet phonograph, did you ever hear a better record?

Sincerely,

Shorty Camel CIGARETTES

No Normal Home for 1,500,000 Wandering Workers

HOMELESS

SOME SUCH LODGING HOUSE IS BOTH STARTING AND FINISHING POINT FOR THE MIGRANT WORKERS EACH YEAR

Imagine, on the map of the United States, a gigantic circular roadway 10,000 miles in circumference. On the east and west it touches the Atlantic and Pacific coasts, and Canada and the Gulf bounds it north and south.

Imagine this roadway as wide as whole states, or several states put together, with the electric lights of great seaports and inland cities as its lamp posts, and its miles marked off by counties. And along this "Giant's Causeway" see 1,500,000 men toiling in a continual round of labor, a round that takes them from the semi-tropics of Florida to the northern zone of the Canadian border, and from Maine to California.

This army of a million and a half men, recruited from nowhere and bound everywhere, is that of the nation's migrant workers, an army constantly on the move to save our industries from disaster.

In Florida and the Blue Ridge Mountains there is fruit to be packed. The farms and orchards of Pennsylvania, northern New York and the middle west need workers. The great grain belt that stretches from Canada to northern Texas stands ready for harvesting. Off to the southwest there are the oil fields and lumber regions. And each of these territories is part of the colossal wheel of labor which these million and a half wandering laborers constantly turn.

A survey being made by the Interchurch World Movement indicates that perhaps 25 per cent of these men are subnormal, or mentally defective. Of 40,000 seasonal workers in California, about 90 per cent proved to be unskilled, and only 10 per cent were married. Normal family life for men of this sort is absolutely impossible.

There is a great range of local fluctuations in wages, and the usual labor agreement is full of uncertainties and opportunities for misunderstandings. In many places, as in California and the south, there are racial clashes. And throughout, there is little to combat the tendencies to lawlessness and unrest that prevail always among such migrant bodies.

It has been suggested by many employers and by students of the migrant worker problem that the nation's churches, as illustrated by the new co-operative movement among all the Protestant denominations, can do much to relieve the evil features of this method of doing the nation's work. And so the present survey, by which the entire country's labor situation is being checked up, is awaited as an invaluable aid to a solution of Uncle Sam's big "wandering worker" puzzle.

MANY SEEKING AUTO LICENSES

Expect More Than 600,000 Will
Be Issued This
Year.

More than 600,000 automobile licenses will be issued in Pennsylvania during the 1921 licensing period, in opinion of officials of the Automobile Registration Division, which is a branch of the State Highway Department, and already applications are commencing to be received by Registrar Ben G. Eynon for the new tags. In most instances the early applicants are persons desiring special numbers to match their house, postoffice box, lodge or other numbers, the list of those making such requests having shown remarkable growth in the last half dozen years. The State is commencing to send out the blanks to persons applying for them and this year late comers may have difficulty in getting their tags in time to display them on January 1 next when the 1921 licenses will have to be shown. Under its present licensing plan the State reserves certain series of low numbers for its own cars, the Governor having number 1, while other low numbers are assigned to the cars owned by various departments, which also have to display the State arms on car doors. Other series are assigned to cars of the State Highway Department, municipal fire and police departments, ambulances and various other agencies which have the right of free registration and whose cars are numbered as far as possible within groups. The business of licensing cars, trucks, motor cycles and other motor vehicles has grown to large proportions and is one of the branches of the State government which not only pays its own way, but turns in millions of dollars for maintenance of roads. It is expected the total produced by the division this year will run around five or six millions of dollars.

BIG FIRE LOSS IN CHAMBERSBURG

(Continued from First Page.)

water and smoke, while three families living in the upper floors were forced to leave the building before anything could be saved.

After completely destroying the Nicklas store, the blaze spread to three homes in the rear occupied by negro families, destroying these and also damaged several garages, but the cars had been removed before the blaze reached them.

The Nicklas building was part brick and frame. Practically nothing is left but the front of the structure and a side brick wall. It is estimated that the loss to this building alone is about \$50,000. About \$75,000 insurance is carried on this property and its contents.

Shortly after the fire started and when it was realized that it threatened the very heart of the business section. A special train carried the

Waynesboro fire engine to Chambersburg, while the Antietam drove their truck over, getting into service about 3:15 when the fire had reached its height.

Six firemen were overcome by the smoke and several were removed to the Chambersburg hospital for treatment, while another was injured by falling slate. None, however, was seriously hurt.

The fire was one of the largest since the destruction of the Orpheum Theater early this year.

KILLING A MYSTERY

ELMER C. DREWES

PHILADELPHIA—The motives and movements relative to the death of Elmer C. Drewes, slain Dartmouth College senior, remain a mystery. Drewes was found sitting up against a lamppost in Oak Lane, a suburb, with a bullet hole through his head. Money, bonds and jewelry valued at several thousand dollars were found on his person.

KILLED BY TROLLEY CAR

Son-In-Law of Dr. William M. Biggs Met Death.

Hit by a Steelton bound trolley car on South Cameron street, Harrisburg, recently, Harry F. Johnson, colored, 29 years old, a United States mail truck driver, was fatally injured and died shortly afterward.

Johnson was a son-in-law of Dr. William M. Biggs, Gettysburg veterinarian.

Employees of the post office said that Johnson was on his way to a garage when his truck stalled beside the tracks. According to a report made by W. E. Lehman, motorman in charge of the car which struck Johnson, he noticed the mail truck along the track but thought it was sufficiently far from the track to allow his car to pass it. When within a short distance of the point of the accident Lehman said he saw a man step in front of the car and he immediately threw on the brakes of the trolley. The car slid, however, and struck Johnson.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.
